

IZZY DOLL ASSEMBLY INSTRUCTIONS

“Izzy Dolls are copyrighted and cannot be used for financial gains.”

(Finished height should be approximately 6 inches)

1. Sew sides together to form a center back seam with attached coloured yarns.
2. Stuff doll completely.
3. Weave a single strand of matching yarn across the first face row. Draw up to form neck and tie tightly. Bury ends within the doll.
4. With matching yarn, define arms by sewing small stitches through both layers from waist to 3 rows below neckline, then take needle horizontally through the inside of the doll towards the opposite shoulder. Bring needle to outside and stitch down to waist to make the other arm. Take needle horizontally through the inside again to where you began and bring needle back to outside (you have now made a square). Tie both beginning and ending yarn together and tighten until arms are defined. Make a knot and bury ends inside the doll.
5. Define legs by making small stitches up the middle from bottom edge to belowwaistline leaving room for a tummy. Tighten slightly, make a knot and bury yarn inside. Sew across bottom edge to close.
6. With a matching yarn, weave a single strand around the middle of the doll to form a waist, tighten, tie a knot and bury yarn ends. Repeat around the top row of the feet to form ankles.
7. Embroider a face using appropriate coloured yarn.

Eyes can be: **X X** or = = Mouth can be: ===
